

We care about the environment and we know you do too. Your office is a great place to make little changes that make a big difference. Here are some ideas to help you do just that. Provided monthly by R.E.A.P.S., we hope they inspire you to create change!

GREEN TIP #198

August 2026

HARVESTING RAINWATER

Harvesting rainwater is one of the simplest ways an office can reduce its environmental footprint

How to Harvest Rainwater

Rainwater harvesting can be as simple or as complex as you chose.

Placing a rain barrel near your gutter's downspout is recommended to collect as much rainwater as possible.

Benefits of Harvesting Rainwater

- Reduces Water Bills**
- Great for Plant Health (filter if drinking)**
- Reduces Soil Erosion**
- Lowers Energy Use**
- Conserves Drinking Water**
